

# SPORTRAX TRX300EX

**WANT A** sport ATV that's a blast to ride for both experienced and intermediate riders alike? Then check out the popular TRX300EX. It's got all the high-performance features you need for big-time fun, but with more-compact overall dimensions and a lower seat height compared with its bigger-bore Sportrax cousins. The TRX300EX also boasts triple disc brakes, chain drive to the rear wheels, a manual clutch mated to a close-ratio five-speed transmission, long-travel suspension, and a friendly character that perfectly suits smaller riders or those just getting up to speed.

## Key features

- **Racy bodywork looks fast standing still, and is built to be durable**
- **Chassis promotes a sporty riding position, but seat height remains low for confident control**
- **Long-travel suspension with Showa shocks soaks up bumps on the track or the trail**
- **Five-speed transmission with manual clutch offers a gear for every situation**
- **Handy reverse can help you get out of tight spots quickly**

| Fuel capacity    | 8.3 litres, including 1.9-litre reserve  |
| Colour           | Nitro Red, White   |

Riding an ATV can be hazardous. For your safety, always wear a helmet, eye protection and protective clothing, and never ride on paved surfaces or public roads. Never carry passengers, and never engage in stunt riding. Avoid excessive speeds, and be particularly careful on difficult terrain. Never ride under the influence of drugs or alcohol. Inspect your ATV before riding, read your owner's manual, and Honda recommends that all riders take a rider training course. Always obey local laws, use common sense, and respect the rights of others when you ride. Make sure you obtain written permission before riding on private land. Whenever you ride off-road always stay on established trails in approved riding areas. Keep your riding area clean and never modify your ATV's spark arrestor or exhaust system. Remember the TRX700XX, TRX450ER, TRX400EX and TRX300EX are recommended only for highly experienced riders 16 years of age and older. The TRX90EX is recommended only for riders 12 years of age and older; TRX90EX riders younger than 16 years of age must be supervised by an adult. All other FourTrax models shown and the TRX250EX are recommended only for riders 16 years of age and older. Specifications subject to change without notice. Models may not be exactly as shown.
